

A STARFLEET COMMAND'S SEVENTH FLEET CHAPTER

"Together we stand together we rise"

**HIDDEN SIGNALS**

Space, the final frontier. These are the voyages of the starship *White Buffalo*. Her five-year mission: to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no one has gone before.

**NEWS**

**FLEET**

The Fleet Booth at FanX raised over \$2,000 for the "Hope Kids" Charity with the Shuttle. T-Shirt sales helped with an additional \$500. The shirt sales will help with the power bills at future conventions.

Artemis will be at Salt Lake Comic Con in September. Power to run Artemis has already been provided. It has been suggested that the White Buffalo charge a small fee to play, and that the proceeds be given to a charity. Two lines could be created as a priority line for those who pay.

The fleet now has an online marketplace: <http://www.seventhfleet.org/quartermaster/>

**CHAPTER**

Artemis in September it was suggested that we have a backdrop to help cut down noise, as well as for aesthetics. For a future setup it was suggested to make more custom stations for each of the stations, not just for the Captains station. Another suggestion was that the White Buffalo should try to get a mobile trailer for a more permanent Artemis setup, whether it be an internal or external setup, and try to get a grant to help pay for it.

It continues to be asked if we have Business Cards for the White Buffalo. Funding needs to be provided through fundraisers, or auctions so that funding no longer needs to come out of the crew's pockets.

Funding option that was suggested is that if we setup Artemis at some locations and charge to play.

The Crew need to update their profiles on the ships profiles "Nova" page, as well as updating their back story.

Talked about science being in charge of the training, Further discussion would be needed in the Command Department.

It was discussed that we finish up our documentation and showing the fleet as a suggestion for Fleet-wide documentation.

In the Ship Planning Meeting we talked about using sharepoint more than alfresco, as it may be easier.

**NEWSLETTER UPDATES**

New format change to newsletter: Newsletter will be submission run, meaning that the author of the newsletters will no longer be putting in all of the content, but only putting in the basic news for the White Buffalo, and what has been discussed from the fleet.
